

November 3 HHW Collection Event

You already know that pesticides, batteries, electronics and other household hazardous waste (HHW) doesn't belong in the trash. But you may be wondering how you should dispose of them.

Wonder no longer - here's your opportunity to make it disappear: A Waste Management HHW Collection Event!

When: Saturday, November 3. 8 a.m. to 4:30 p.m.

Where: 1455 E. Greg Street, Sparks

Who: WM Customers in Washoe County

Details: Customers in good standing can dispose of up to 50 pounds of household hazardous waste. *One gallon of paint weighs approximately 5 pounds. Everything over 50 pounds will cost \$1.00 per pound for disposal.

Visitors who are not Waste Management customers will be charged \$1 a pound for all materials.

Tips: Arrive early and make sure you have a copy of your WM bill for free disposal of up to 50 pounds of materials.

Do not bring trash. Only HHW material will be accepted.

Do not bring the following materials:

Explosives, Ammunition, Radioactive Waste, Medications and Compress Gas Cylinders (other than propane, aerosols and fire extinguishers).
